Kent Moore

CABINETS

The Kent Moore Cabinets Signature Series features the ultimate in custom cabinet design and amenities. Each handcrafted piece is constructed with all plywood sides, tops and bottoms. Lumber drawer boxes are of true dove-tail construction. All drawers have full-extension soft-close under-mount guides and doors are secured with soft-close concealed hinges.

The Signature Series features extra deep wall cabinets to accommodate large pieces of stoneware and china. A la carte choices include wide bottom rails for under cabinet lighting. Other customizations may include refrigerators enveloped in full-depth surround cabinets and cooktops and/or sink cabinets with attractive bump out designs. Customized vent hoods are a great option in a Signature Series kitchen and offer a unique look that will set your cabinets apart from all others.

Accent and customize the Signature Series with choices that include unique corbels and onlays, decorative corners, compound molding and raised panel ends. With a wide variety of paints, stains and treatments available, the Signature Series cabinets can be hand-distressed and/or hand-glazed to highlight the natural beauty of the wood and to turn your kitchen dreams into your dream kitchen.
